

# Undercounter Safes

AMSEC'S **UNDERCOUNTER SAFES** limit excess cash register funds by providing instant protection for interim deposits of cash or checks via the anti-fish deposit slot. Securely positioning the safe next to the cash register limits exposed cash and reduces the threat of robbery and internal theft. Adaptable for multi-unit installation use, ideal for gun control, staff use, athletics clubs, security areas and much more.

## FEATURES:

- Heavy gauge solid steel construction.
- Full width deposit slot over door equipped with an "antifish" saw tooth baffle to guard against pilferage or fishing.
- Heavy-duty piano hinges.
- Available in three models with eight different lock options to fit your specialized security requirements.
- Units can be bolted together utilizing bolt holes.
- Interchangeable doors allow flexible means of changing locking mechanisms without replacing the entire unit.
- Two anchor holes provided on all four sides.
- Attractive and durable powder coated black finish.
- Optional Deposit envelopes.

(Lock option #1†) TB0610-1T  
Chicago 7 pin camlock

## LOCK OPTIONS:

- Chicago single key camlock equipped with two keys. (Lock option #1)
- Chicago 7 pin radial key camlock, equipped with 2 keys. (Lock option #1-T)
- Medeco® U.L. listed high security single key camlock supplied with two keys. Medeco's restricted keyways protect against unauthorized key duplication. (Lock option #2)
- Dual custody safe deposit key lock (two keys required to open safe). (Lock option #4)
- Best removable core key lock supplied without core. A removable core system lets you change the combination of any lock in seconds and can easily expand to include new facilities. Supplied without core. (Lock option #7, without core).
- S&G Group II key changeable combination lock offers 1 million possible combinations. (Lock option #6).

Optional custom key control systems designed to your security requirements:

- 1) Master Keyed, 2) Keyed Alike, 3) Keyed Different

## HEAVY DUTY SERIES MODEL K1 AND K2

- 1/4" thick A36 solid steel plate hinged door.
- Full width slot over door.
- A saw tooth baffle guards against pilferage or fishing.
- Your choice of U.L. listed dual control key lock (K-2), a single key Medeco® lock (K-1), or a Chicago single key lock (K-1A).
- "B" Rate steel construction.
- May be installed vertically or horizontally.
- May be mounted on or under counter as space permits.
- Durable, impact resistant Charcoal Gray textured finish.
