

Wall Safes

AMSEC **WALL SAFES** are designed to provide hidden protection for documents and miscellaneous valuables. Each wall safe is also designed for easy installation between 16" o/c wall studs. Pre-drilled anchor holes and a built-in flange eliminates unnecessary re-plastering.

HEAVY-DUTY WS1214 FEATURES:

- Same features as Super Brute Floor safes.
- Two removable shelves. Extra deep interior.

WS1014 / WS1514 FEATURES:

- U.L. listed Group II key changeable lock, with relock and 1 million possible combinations.
- Electronic lock optional, or Chicago single key camlock with 2 keys.
- Flat dial allows flush mounted installation.
- WS1014: 3/16" thick solid steel door with dead bar.

WS1814 FEATURES:

- AMSEC's 5BE electronic push button lock is fast and easy to use.
- Solid steel construction with a 3/16" pry resistant door offers burglary protection.
- Built-in enhanced LCD interior lighting is activated when door is opened.
- Comes standard with two storage shelves or one shelf with hanging file rack.
- Open Door Signaling feature provides a signal that notifies the user or a monitoring service that the safe is unlocked.
- Silent Signal Alarm feature allows the user to secretly signal a monitoring service that an intruder is in the home.
- Expandable interior provides easy installation between 16" o/c wall studs and enables depths of either 4", 5" or 6".
- **When fire is a concern, there is no better wall safe than the WFS149 or WES149.**

WFS149 FEATURES:

- UL Listed one hour fire rating, insuring the inside temperature never exceeded 350° F (paper chars at 450° F).
- Extra deep interior, with one (1) convenient drawer shelf.
- Group 2 combination lock with knob operated locking mechanism.
- Each safe is equipped with side locking boltwork mechanism incorporating 1/2" steel deadbolts.
- Impressive 1/2" thick door with attractive two-tone Sage finish.

WES149 with DL4000 Electronic Lock FEATURES:

- Same outstanding features of the WFS149 and comes equipped with our easy to operate and easy change DL4000 electronic keypad. Plus, one (1) auxiliary key lock with two (2) keys, bright blue LCD display with a low-battery indicator and a power override battery box. (See DL4000 lock features on page 20.)

WES2114 FEATURES:

- Heavy duty steel body, 3/16" solid steel door and flange.
- Extra spacious interior, while still offering the convenience of fitting between studs.
- Easy to use DL4000 push button electronic lock offers solid protection with the accessibility of quick entry and easy-change combo.
- Standard key override, in case of lost combination.
- Dual live bolts ensure protection against pry attacks.
- Two removable shelves.
- Cream colored, durable powder coated
